Radiance (Wraith Kings #1) by Grace Draven. CHAPTER ONE. Today was Ildiko's wedding day, and if she managed not to retch on herself or a guest, she'd consider the entire event a resounding success. Her maids refused to meet her gaze while they laced her into her gown and twitched the train into perfect folds, but she'd caught their looks of pity mixed with horror from the corner of her eye.

Radiance has that very traditional fantasy feel to it; we have a princess, Ildiko, in a fantastical kingdom who's due to marry a neighbouring prince whom she's never met before. From there, however, the novel steers away from the typical arranged marriage fantasy story.

Radiance (Wraith Kings #1) (26) by Grace Draven Saggara was an austere place compared to Haradis and lacked many of its creature comforts. It also lacked Secmis which, for Ildiko, made it a place far superior to the Kai royal palace. When Sinhue came to help her undress and get ready for bed, Ildiko waved her away and sent her to her own room.

In 'Radiance' the couple's agreement results in a loyal friendship and then keeps evolving into something more. The cultural differences are key to this lovely book, but there is also adventure and a touching romance. I enjoyed the humour too as Ildiko uses her 'scary ghost' looks to tease her Kai companions.

Ildiko has always known her only worth to the royal family lay in a strategic marriage. Resigned to her fate, she is horrified to learn that her intended groom isn't just a foreign aristocrat but the younger prince of a people neither familiar nor human. Bound to her new husband, Ildiko will leave behind all she's known to embrace a man shrouded in darkness but with a soul forged by light. Two people brought together by the trappings of duty and politics will discover they are destined for each other, even as the powers of a hostile kingdom scheme to tear them apart.

The Prince of No Value~Brishen Khaskem, prince of the Kai, has lived content as the nonessential spare heir to a throne secured many times over. A trade and political alliance between the human kingdom of Gaur and the Kai kingdom of Bast-Haradis requires that he marry a Gauri woman to seal the treaty. Always a dutiful son, Brishen agrees to the marriage and discovers his bride is as ugly as he expected and more beautiful than he could have imagined.~The Noblewoman of No Importance~Ildiko, niece of the Gauri king, has always known her only worth to the royal family lay in a strategic marriage. Resigned to her fate, she is horrified to learn that her intended groom isn't just a foreign aristocrat but the younger prince of a people neither familiar nor human. Bound to her new husband, Ildiko will leave behind all she's known to embrace a man shrouded in darkness but with a soul forged by light. In an isolated fortress, the Master of Crows battles an ancient god for possession of his soul. Renegade and heretic, he dreams of ways to defeat the god and destroy the priesthood who would execute him. Sent by her masters to betray him, a woman comes who possesses a weapon he can use to triumph over both...but only at the ultimate sacrifice. A tale of love and allegiance. ----- This fantasy romance was previously published with a different cover in 2009 by Amber Quill Press. This is the second edition.

In this USA Today bestselling novel, a woman with power over fire and illusion and the enslaved son of a chieftain battle a corrupt empire in this powerful and deeply emotional romantic fantasy. Every year, each village is required to send a young woman to the Empire's capital--her fate to be burned alive for the entertainment of the masses. For the last five years, one small village's tithe has been the same woman. Gilene's sacrifice protects all the other young women of her village, and her secret to staying alive lies with the magic only she possesses. But this year is different. Azarion, the Empire's most famous gladiator, has somehow seen through her illusion--and is set on blackmailing Gilene into using her abilities to help him escape his life of slavery. Unknown to Gilene, he also wants to reclaim the birthright of his clan. To protect her family and village, she will abandon everything to return to the Empire--and burn once more.

From the New York Times bestselling author of *The Unhoneymooners* and the “delectable, moving” (Entertainment Weekly) *My Favorite Half-Night Stand* comes a modern love story about what happens when your first love reenters your life when you least expect it... Sam Brandis was Tate Jones’s first: Her first love. Her first everything. Including her first heartbreak. During a whirlwind two-week vacation abroad, Sam and Tate fell for each other in only the way that first loves do: sharing all of their hopes, dreams, and deepest secrets along the way. Sam was the first, and only, person that Tate—the long-lost daughter of one of the world’s biggest film stars—ever revealed her identity to. So when it became clear her trust was misplaced, her world shattered for good. Fourteen years later, Tate, now an up-and-coming actress, only thinks about her first love every once in a blue moon. When she steps onto the set of her first big break, he’s the last person she expects to see. Yet here Sam is, the same charming, confident man she knew, but even more alluring than she remembered. Forced to confront the man who betrayed her, Tate must ask herself if it’s possible to do the wrong thing for the right reason... and whether “once in a lifetime” can come around twice. With Christina Lauren’s signature “beautifully written and remarkably compelling” (Sarah J. Maas, New York Times bestselling author) prose and perfect for fans of Emily Giffin and Jennifer Weiner, *Twice in a Blue Moon* is an unforgettable and moving novel of young love and second chances.

Passion burns. Betrayal scars. Cat Wilson grew up a misfit among misfits. She couldn't read minds, see the future, or start fires like the other Talented kids inside the shadowy Grey Institute. Finally she ran, leaving her beloved brother, Eric, behind. She's been running ever since. When she learns that Eric has escaped, leaving deadly fires in his wake, Cat is torn between fear for her brother, and unwanted attraction to the messenger, a charming, Talented ex-con who lives for the next adrenaline rush. Jamie Murphy is sure his group of outcast Talents can help Eric—if they can get to him before the cops or the Institute, and before he kills again. Cat's aversion to Talented bad boys is like a wall of ice, but to his surprise, he doesn't have to use an ounce of his own unique gift to find a way through it. Yet locating Eric is only the beginning. In the battle to pull him back from the brink, Cat must find the courage to unlock a fearsome Talent of her own. And pray the psychic backdraft doesn't destroy everyone she loves. Warning: Contents are hot. If you smell smoke, keep reading and ignore those pesky smoke alarms on the ceiling. Okay, just kidding! But oven mitts might come in handy.

There Be Monsters Here. . . It's not as great as you'd think, living in a tourist town that's known as "the most magical place in America." Same boring high school, just twice as many monsters under the bridges and rival Families killing each other for power. I try to keep out of it. I've got my mom's bloodiron sword and my slightly illegal home in the basement of the municipal library. And a couple of Talents I try to keep quiet, including very light fingers and a way with a lock pick. But then some nasty characters bring their Family feud into my friend's pawn shop, and I have to make a call--get involved, or watch a cute guy die because I didn't. I guess I made the wrong choice, because now I'm stuck putting everything on the line for Devon Sinclair. My mom was murdered because of the Families, and it looks like I'm going to end up just like her. . .

The stories are told in whispers, even after so long: of a man whose fair rule soured when he attained eternal youth. Imprisoned by a sorceress wife in a city out of time and place, he has passed into legend. Few believe in him, and fewer would set their hopes on his mercy. But Imogen has no choice. To break the curse that's isolated her since birth, she'll find the Undying King--and answer his secrets with her own... ^^Author Note: *The Undying King* is a stand-alone (not part of any series) novella of approximately 43,000 words and is also available in a duology titled *FOR CROWN AND KINGDOM*. This tale is intended for more mature audiences and contains graphic descriptions of physical intimacy.

#1 New York Times bestselling author Ilona Andrews launches a brand-new Hidden Legacy series, in which one woman must place her trust in a seductive, dangerous man who sets off an even more dangerous desire . . . Nevada Baylor is faced with the most challenging case of her detective career—a suicide mission to bring in a suspect in a volatile situation. Nevada isn't sure she has the chops. Her quarry is a Prime, the highest rank of magic user, who can set anyone and anything on fire. Then she's kidnapped by Connor "Mad" Rogan—a darkly tempting billionaire with equally devastating powers. Torn between wanting to run and wanting to surrender to their overwhelming attraction, Nevada must join forces with Rogan to stay alive. Rogan's after the same target, so he needs Nevada. But she's getting under his skin, making him care about someone other than himself for a change. And, as Rogan has learned, love can be as perilous as death, especially in the magic world.
