The trouble with Athenaze and Reading Greek is the temptation to enjoy the stories and forget the grammar drills. This is especially the case with Reading Greek because the exercises and grammar are in a separate book. Students pick up a lot of vocabulary and grammar intuitively and one is tempted to think the classic drills are unnecessary.

"Reading Greek" (RG) is an excellent two- or three-volume text (depending on whether or not you get the "Independent Study Guide", [ISG] a MUST for self-study). This text is designed along lines similar to those of recent Latin textbooks (e.g., the Oxford Latin Course, the Cambridge Latin Course) and rather different from earlier Greek grammars and textbooks.

Helps post-beginner-level students to read substantial extracts from the New Testament in Greek.

This innovative textbook offers students a dynamic introduction to classical Greek. It inspires a constructive sense of enthusiasm in the classroom while helping students master grammatical principles and reading skills. Among the imaginative features of the book is a two-week introduction to spoken Greek, which immerses students in the sound and basic vocabulary of the language so that they are comfortable as they learn to read and write. (Conversational scripts are provided.) For its reading passages, Ancient Greek Alive uses engaging and even humorous stories drawn from folklore around the world and rendered freshly into classical Greek. The book's grammatical explanations are unusually clear. Helpful, one-step-at-a-time exercises are incorporated into the lessons. Entire chapters are devoted to vocabulary review to underline its importance and provide rest stops. There are special sections on aspects of Greek culture. Students test their reading skills along the way on intriguing passages in original Greek texts, which range from Heraclitus and the New Testament to Diogenes and Greek gravestones.

A World of Heroes is a reader designed for students who have just completed an introductory course in ancient Greek and wish to read substantial passages of ancient authors in the original language. It introduces three of ancient Greece's most important authors, Homer, Herodotus and Sophocles, and includes such gripping and influential stories as the battle of Thermopylai (from Herodotus' Histories); the death of Hektor (the Iliad) and the fall of Oedipus. Notes accompanying each passage provide extensive help with vocabulary and translation, and each section contains a brief introduction to the author and his work. The first edition of the book proved very successful with students and instructors for more than three decades. This, the second edition, includes the same texts as the first but provides much more help with translating and understanding them in order better to meet the needs of modern students.

The Joint Association of Classical Teacher's Greek Course Reading Greek has been written for beginners in the upper school, at the university and in adult education. Its aim is to enable students to read fifth-and fourth-century Attic Greek, Homer and Herodotus, with some fluency and intelligence in one to two years. The main medium of learning is a continuous, graded Greek text, adapted from original sources, coupled with a grammar, vocabulary and exercise book which runs in phase with the text.
