Engine rebuilds. Engine rebuilds are carried out by our highly skilled technicians. Components are dynamically balanced for superbly smooth and refined driving characteristics. Engines rebuilt by us have competed on some of the most strenuous of European, South American and Asian rallies, requiring little more than topping-up with fluids and fine tuning after many thousands of hard driven miles.

Engine rebuilds | Earley Engineering

Engine Rebuilds. Engine rebuilds have always been a large sector of the Millington company, originally ranging from large agricultural units some 40 years ago to some of the most diverse competition engines in motorsport. Whether it has been Ford, Lotus or Vauxhall, historic or current, high quality and attention to detail has always been one of the key elements to ensure the reliability and performance of the engines built here at Millingtons.
