Revolution. Instead of change, revolution is a more appropriate term for one of the major themes of this book. Of course, the main talking points, the American and the French Revolutions, were both revolution's, but a revolution is much more than simple change. In a revolution, one or multiple of the key values of society is at stake, and usually changes for the better.

Open work: The revolution and user guide. In the 'digital transformation', it is not the technological challenge that companies face but the real cultural revolution. Due to the rapid changes impacting our society, jobs, services and products, companies must review in depth their work culture. In an environment where humans and technology are hyperlinked, it is
