ROUSH Crate Engines are high-performance engines that are based on and operate like the engines designed and produced in the 1960s and later. However, unlike engines of that time, ROUSH Crate Engines (like other crate engines currently manufactured in the marketplace) produce significantly more power and torque.

ROUSH Performance | Ford Crate Engines

Take performance to the next level with the new, 50-state legal ROUSH Phase 2 Mustang GT Supercharger system. The Phase 2 kit boosts the Ford Mustang engine output to 750 HP and 670 lb-ft of torque - an incredible increase of 290 HP over stock. 3-year/36,000 mile limited powertrain warranty included.
