Dopo la disfatta di Trkuth gli equilibri galattici sono inesorabilmente cambiati. L'impero e ridotto a gestire qualche misera colonia, mentre i grigi, il nuovo presidente degli Stati Uniti e gli intrepidi El-Takim sono chiamati a combattere il piu subdolo e imprevedibile dei nemici. Cronache di una Guerra Galattica: Vol. 1 - Skyfall Vol. 2 - Skyrise Vol. 3 - Skydark

Anno 2067. Centinaia di video caricati in rete mostrano le immagini sconvolgenti di una brillante chiazza rossa sulla Luna e, mentre un oggetto grande come uno stadio di football precipita dallo spazio e si inabissa nell'Atlantico, numerosi strani velivoli si schiantano fra il Maine e il Vermont. Cosa sta accadendo sopra i cieli della Terra? Una giornalista della Louisiana, un capitano dei reparti speciali e una coppia di mercenari saranno fra i primi a scoprirlo.Dal Blog dell'autore(http://gianlucaranieribandini.blogspot.it/): "Come potrete intuire, in questa serie troverete tutti gli elementi della Space Opera, quali i viaggi spaziali, le flotte stellari, gli imperi galattici e tanto altro. Seguendo i vostri consigli, ho scelto di narrare la storia dal punto di vista dei personaggi principali. L'intento quello di farvi sperimentare una maggiore empatia con loro. La serie in questione si sviluppa all'interno della nostra vastissima galassia, una Via Lattea ricolma di civilt e pianeti abitabili..."

Antonio Giangrande, orgoglioso di essere diverso. ODDIO OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafferzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, riportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

King Grim Vasteri is the strongest and most feared warrior in the Tornian Empire. He is the King of Luda, blood brother to the Emperor and his line will die with him. He will have no offspring for no female would Join with him, for once he was scarred he was considered 'unfit'. The Tornian Empire has been dying ever since the great infection caused the birth of females to become a rarity. Since then they have been searching the known universes, for compatible females. The Emperor's discovery of a compatible female on a slave ship changed that. He has ordered Grim to find his Empress' home world so more 'unprotected' females could be obtained, knowing Grim would never be allowed to Join with one. Lisa Miller is a widowed mother of two little girls, Carly and Miki. Her husband died just a year ago, after a long battle with cancer and she misses him immensely. Friends want her to start dating again, but in her heart, she knows there isn't a man on the planet she could love like her Mark and who could love their girls as their own. Therefore, she'll stay alone. When Lisa is discovered 'unprotected' at her husband's grave site, she wakes on an alien ship heading for an alien world. Refusing to accept this she confronts the large alien males, demanding she be returned to her children. Seeing his chance to have a female, Grim agrees to accept and protect her offspring if she agrees to Join with him and only him. Realizing this is the only way she can retrieve her children, Lisa agrees and the Tornian Empire changes forever.

The kingdom exists in a state of perilous equilibrium following the death of a monstrous king, a regent ruling in King's Landing, and few claimants to the Iron Throne, until new conspiracies and alliances begin to erupt.

Strategic Conspiracy Narratives proposes an innovative semiotic perspective for analysing how contemporary conspiracy theories are used for shaping interpretation paths and identities of a targeted audience. Conspiracy theories play a significant role in the viral spread of misinformation that has an impact on the formation of public opinion about certain topics. They allow the connecting of different events that have taken place in various times and places and involve several actors that seem incompatible to bystanders. This book focuses on strategic-function conspiracy narratives in the context of (social) media and information conflict. It explicates the strategic devices in how conspiracy theories can be used to evoke a hermeneutics of suspicion - a permanent scepticism and questioning of so-called mainstream media channels and dominant public authorities, delegitimisation of political opponents, and the ongoing search for hidden clues and coverups. The success of strategic dissemination of conspiracy narratives depends on the cultural context, specifics of the targeted audience and the semiotic construction of the message. This book proposes an innovative semiotic perspective for analysing contemporary strategic communication. The authors develop a theoretical framework that is based on semiotics of culture, the notions of strategic narrative and transmedia storytelling. This book is targeted to specialists and graduate students working on social theory, semiotics, journalism, strategic communication, social media and contemporary social problems in general.

NOW THE ACCLAIMED HBO SERIES GAME OF THRONES—THE MASTERPIECE THAT BECAME A CULTURAL PHENOMENON Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse-unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys.

Considers the history of the American blockbuster—the large-scale, high-cost film—as it evolved from the 1890s to today.
