Empirical ...

Social structure is sometimes defined simply as patterned social relations—those regular and repetitive aspects of the interactions between the members of a given social entity. Even on this descriptive level, the concept is highly abstract: it selects only certain elements from ongoing social activities.

A law in social science is a universal generalization  
about a class of facts. A fact is an observed  
phenomenon, and observation means it has been seen,  
heard or otherwise experienced by researcher. A

# Read Book Social Structure And Law Theoretical And Empirical Perspectives

theory is a systematic explanation for the observations that relate to a particular aspect of social life.
