When Addie Baum's 22-year old granddaughter asks her about her childhood, Addie realizes the moment has come to relive the full history that shaped her. Addie Baum was a Boston Girl, born in 1900 to immigrant Jewish parents who lived a very modest life. But Addie's intelligence and curiosity propelled her to a more modern path. Addie wanted to finish high school and to go to college. She wanted a career, to find true love. She wanted to escape the confines of her family. And she did. Told against the backdrop of World War I, and written with the same immense emotional impact that has made Diamant's previous novels bestsellers, *The Boston Girl* is a moving portrait of one woman's complicated life in the early 20th Century, and a window into the lives of all women seeking to understand the world around them.

The bestselling author of *Pledged* returns with a groundbreaking look at the pressure to achieve faced by America's teens in *Pledged*. Alexandra Robbins followed four college girls to produce a riveting narrative that read like fiction. Now, in *The Overachievers*, Robbins uses the same captivating style to explore how our high-stakes educational culture has spiraled out of control. During the year of her ten-year reunion, Robbins goes back to her high school, where she follows heart-tuggingly likeable students including "AP" Frank, who grapples with horrifying parental pressure to succeed; Audrey, whose panicked perfectionism overshadows her life; Sam, who worries his years of overachieving will be wasted if he doesn't attend a name-brand college; Taylor, whose ambition threatens her popular girl status; and *The Stealth Overachiever*, a mystery junior who flies under the radar. Robbins tackles teen issues such as intense stress, the student and teacher cheating epidemic, sports rage, parental guilt, the black market for study drugs, and a college admissions process so cutthroat that students are driven to suicide and depression because of a B. With a compelling mix of fast-paced narrative and fascinating investigative journalism, *The Overachievers* aims both to calm the admissions frenzy and to expose its escalating dangers.

The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights?
