Twenty-year-old Liana Castell must be careful what she thinks. Her life is defined by the number on her wristband -- a rating out of ten awarded based on her usefulness and loyalty to the Tower, and monitored by a device in her skull. A device that reports forbidden thoughts. Liana is currently a four, the lowest possible acceptable score. When her worst nightmare comes to pass and she drops to a three, desperation spurs her down a path few dare to tread.

In this second installation, Liana Castell makes a shocking discovery, after stumbling upon an ancient, dusty office sealed away from the rest of the Tower. Her first instinct is to flee - until she realizes all is not what it seems. The room has been hidden for a reason. It holds secrets about the Tower's past, and answers that could be key to her people's future. But with this knowledge comes grave danger, as Liana will quickly discover.

A short manual to help you start the road to self discovery and independent thinking.

"Reunite with Liana one last time... Are you ready to return to the Tower? The electrifying conclusion of Liana Castell's journey."--Publisher's description.

Have you ever had one of those really bad days at work? You know, one where your sexy AF boss catches you photocopying your backside in his office? No? Just me then? I blame my bestie and partner in chaos. She challenged me with a not-so-innocent dare that I should've flat out declined. But I'm an adrenaline junkie, and now, here I am. I know it sounds crazy, and daredevil tendencies aside, I definitely went too far to get his attention. But you haven't seen him. Colton Wolfe. My boss. Tall, dark, and handsome, with the sexiest British accent I've ever heard. His only flaw? That he's completely oblivious to what's been right in front of him all along. Me. Well, he was until a few minutes ago. Remember those good old days? Before I got caught bare-assed and making nice with the copy machine, and before I was totally getting fired? But wait. Maybe I'm not. If I can take on the biggest dare of all. Making Colton Wolfe fall in love with me.

John Randal, an American lieutenant serving in the British Army, joins the first British commando troop during World War II, but must face grueling training in Scotland and growing pains with his comrades during their first missions.
