heart. You can't ride to the fair unless you get on the pony. Keep walking. Acceptance is a small, quiet room. Romantic love is not a competitive sport. Forward is the direction of real life. Ask yourself: What is the best I can do? And then do that.

In her debut novel, the bestselling author of *Wild* weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. Be incredible!" is the advice Teresa Rae Wood shares with the listeners of her local radio show, *Modern Pioneers*, and the advice she strives to live by every day. She has fled a bad marriage and rebuilt a life with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. Strayed's intimate portraits of these fully human characters in a time of crisis show the varying truths of grief, forgiveness, and the beautiful terrors of learning how to keep living.

Traces the personal crisis the author endured after the death of her mother and a painful divorce, which prompted her ambition to undertake a dangerous 1,100-mile solo hike that both drove her to rock bottom

and helped her to heal.

#1 NATIONAL BESTSELLER At twenty-two, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her own marriage was soon destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life. With no experience or training, driven only by blind will, she would hike more than a thousand miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State—and she would do it alone. Told with suspense and style, sparkling with warmth and humor, Wild powerfully captures the terrors and pleasures of one young woman forging ahead against all odds on a journey that maddened, strengthened, and ultimately healed her. Oprah's Book Club 2.0 selection: This special eBook edition of Cheryl Strayed's national best seller, Wild, features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. what seemed to be another air raid. When the devastated neighborhood demands an inquiry, the job falls to magistrate Laurence Dunne. In this beautifully crafted novel, Jessica Francis Kane paints a vivid portrait of London at war. As Dunne investigates, he finds the truth to be precarious, even damaging. When he is forced to reflect on his report several decades later, he must consider whether the course he chose was the right one. The Report is a provocative commentary on the way all tragedies are remembered and endured.

Failing Paris is the story of a week in the life of Sabine Wilcox, the 19-year-old student who has left the stifling rural existence of the American Southwest in exchange for a year in Paris. But the City of Light offers her no refuge. With only one week to address a dire problem, Sabine's past and present painfully collide. Her life intertwines with two men who prove to be both more, and less, than they first appeared. This is a first novel by a young writer whose work must not be overlooked. schoolyard games and her distracted parents' attention, bites into her mother's homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother's emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother's life outside the home, her father's detachment, her brother's clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her taste buds cannot discern. *The Particular Sadness of Lemon Cake* is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and confirms Aimee Bender's place as "a writer who makes you grateful for the very existence of language" (*San Francisco Chronicle*). **BONUS:** This edition includes an excerpt from Aimee Bender's *The Color Master*.
