Two Nations Live on the Edge - SlideShare Both agree, not only agree but insist, that there are two nations in India—one the Muslim nation and the other the Hindu nation. They differ only as regards the terms and conditions on which the two nations should live. Mr. Jinnah says India should be cut up into two, Pakistan and Hindustan, the Muslim nation to occupy Pakistan and the Hindu nation to occupy Hindustan.

Immigrants come to the United States from all over Latin America in search of better lives. They obtain residency status, find jobs, pay taxes, and they have children who are American citizens by birth; yet decades may go by before they seek citizenship for themselves or become active participants in the American political process. Between Two Nations examines the lack of political participation among Latin American immigrants in the United States to determine why so many remain outside the electoral process. Michael Jones-Correa studied the political practices of first-generation immigrants in New York City's multiethnic borough of Queens. Through intensive interviews and participant observation, he found that immigrant participation was stymied both by lack of encouragement to participate and by the requirement to renounce former citizenship, which raised the fear of never being able to return to the country of origin. The hesitation to naturalize as American citizens can extend over decades, leaving immigrants adrift in a political limbo. Between Two Nations is the first qualitative study of how new immigrants assimilate into American political life. Jones-Correa reexamines assumptions about Latino politics and the diversity of Latino populations in the United States, about the role of informal politics in immigrant communities, and about gender differences in approaches to political activity.

Examines the political, economic, and social transformation Mexico has undergone in recent decades, and argues that the United States' antagonistic policy toward the nation is doing more harm than good.

This essay is the lecture delivered by James Q. Wilson at the annual dinner of the American Enterprise Institute for Public Policy Research in Washington, DC, on 4th December 1997.

In this groundbreaking study, Andrew Hacker offers a fresh and disturbing examination of the divisions of color and class in present-day America, analyzing the conditions that keep black and white Americans dangerously far apart in their ability to achieve the American dream. Why, despite continued efforts to increase understanding and expand opportunities, do black and white Americans still lead separate lives, continually marked by tension and hostility? In his much-lauded classic and updated version reflecting the changing realities of race in our nation, Andrew Hacker explains the origins and meaning of racism and clarifies the conflicting theories of equality and inferiority. He paints a stark picture of racial inequality in America—focusing on family life, education, income, and employment—and explores the controversies over politics, crime, and the causes of the gap between the races. Reasoned, accurate, and devastating, Two Nations demonstrates how this great and dividing issue has defined America's history and the pivotal role it will play in the future.

Offers a provocative look at the relationship between Judaism and Christianity, arguing that the inter-religious polemic between the two religions served as a substantial component in the formation of each and that the impact of Christianity on Talmudic and medieval Judaism was much stronger than previously assumed.

What history, pop culture, and diaspora can teach us about North and South Korea today. Korea is one of the last divided countries in the world. Twins born of the Cold War, one is vilified as an isolated, impoverished, time-warped state with an abysmal human rights record and a reclusive leader who perennially threatens global security with his clandestine nuclear weapons program. The other is lauded as a thriving democratic and capitalist state with the thirteenth largest economy in the world and a model for developing countries to emulate. In *The Koreas*, Theodore Jun Yoo provides a compelling gateway to understanding the divergent developments of contemporary North and South Korea. In contrast to standard histories, Yoo examines the unique qualities of the Korean diaspora experience, challenging the master narratives of national culture, homogeneity, belongingness, and identity. This book draws from the latest research to present a decidedly demythologized history, with chapters focusing on feature stories that capture the key issues of the day as they affect popular culture and everyday life. *The Koreas* will be indispensable to any historian, armchair or otherwise, in need of a discerning and reliable guide to the region.

In this new edition of his classic 1970 memoir about the notorious U-2 incident, pilot Francis Gary Powers reveals the full story of what actually happened in the most sensational espionage case in Cold War history. After surviving the shoot-down of his reconnaissance plane and his capture on May 1, 1960, Powers endured sixty-one days of rigorous interrogation by the KGB, a public trial, a conviction for espionage, and the start of a ten-year sentence. After nearly two years, the U.S. government obtained his release from prison in a dramatic exchange for convicted Soviet spy Rudolph Abel. The narrative is a tremendously exciting suspense story about a man who was labeled a traitor by many of his countrymen but who emerged a Cold War hero.

Why should you care about Israel? With the war in Iraq, possible engagement in Iran, and an imminent presidential election, U.S. foreign policy in the Middle East and the issue of solidarity with Israel remain important. In *Two Nations Under God*, American missionary Tom Doyle presents even greater reasons why the U.S. should show concern for Israel. Part one, " Why Should America Care? " is a biblical and historical primer on Israel with fascinating insights into connections between American and Middle East culture. Part two, " Sorting Out the Middle East Maze, " presents more facts about Islam and the spiritual roots behind the Middle East conflicts. Part three, " Maximizing the Moment, " is a call to action and prayer for the A merican church regarding the future of Israel. Best of all, readers will learn throughout that, despite the headlines, there is plenty of good news coming from the Middle East. Doyle reports on the increasing number of Muslims converting to Christianity, profiles local disciples and church planters, and provides helpful timelines, comparison charts, photographs, and more to keep every detail concerning Israel in perspective. Endorsements: "Chaos, Carnage, Confusion. For many, that ' s the modern Middle East. But Tom Doyle gets it. Better yet, he can really explain it. With a pastor ' s heart, he clearly and concisely describes why God loves the Jews of Israel and her Muslim neighbors, and why we should, too. What ' s more, Tom reveals how powerfully God is moving in the modern Middle East, and how we can join Him. Two Nations under God is a must read—fascinating, insightful, and deeply thought-provoking. Get one for yourself, and another for your pastor." Joel C. Rosenberg, New York Times best-selling author of *Epicenter: Why the Current Rumbblings in the Middle East Will Change Your Future*
