As in previous editions of The Essays of Warren Buffett, this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters. All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy. As an aid to all readers, and to enable readers of the previous editions to see what is new in this one, a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear. Footnotes throughout indicate the year of the annual report from which essays are taken. To avoid interrupting the narrative flow, omissions of text within excerpts are not indicated by ellipses or other punctuation. This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency

Do you want learn how to invest like Warren Buffett?This book offers an introduction to Buffett, his business success and the lessons that we can learn from him. This is not a text book nor a biography, but more of a cheat sheet for reading on the bus or in the bathroom, so that you can pick out the most significant points without having to carry around a bag of weighty tomes. You can read it all in one sitting, or look up specific case studies as and when you are looking for inspiration or direction. You will learn the most significant skills and qualities that made him the most successful investor ever, plus some of his greatest investing tips.

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year.

Access Free Warren Buffett A Few Lessons For Investors And Managers

This book compiles those thirty years of wisdom for the first time.

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.

"First class. A great job at collating our philosophy." - Warren Buffett"Very practical." - Charlie Munger"One of the top investment books of all time." - The Motley Fool"A must-read business book." - JP Morgan Private Banking"As much a business management book as a personal finance book." - Publisher's Weekly"One of the best books of the year. Two thumbs up!" - CNN (Financial News)"A serious investment course with entertainment thrown in." - Investor's Chronicle"The book on Buffett - a superb job!" - Forbes"Extraordinary - full of wisdom, humour and common sense." - Money"A classic on value investing and the definitive source on Buffett." - The Financial Times

Warren Buffett is a legend primarily for his investment philosophy. He isn't concerned about the intricacies of the market, but instead focuses on the quality of the companies Berkshire Hathaway stands behind. Yet we know little about the leaders of the companies that Buffett handpicks. In *Behind the Berkshire Hathaway Curtain: Lessons from Warren Buffett's Top Business Leaders*, author Ronald W. Chan — founder and CEO of Chartwell Capital — offers a behind-the-scenes look into the careers of Berkshire Hathaway executives who have both directly and indirectly contributed to the conglomerate's success. Drawing on exclusive interviews from Berkshire leaders, Chan vividly describes how an exceptional group of managers has built a culture of achievement. With a keen eye for detail, he shows how their lessons can be applied for career success and personal fulfillment. Brimming with practical advice, the book will appeal to both executives and employees wanting to improve their leadership skills and work performance. Covering the career and life decisions of David Sokol of MidAmerican Energy, Cathy Baron-Tamraz of Business Wire, Dennis Knautz of Acme Brick, Randy Watson of Justin Brands, Stan Lipsey of Buffalo News, and many more, the book offers a wide range of business insights, philosophies, and strategies directly from leaders at the top of their fields.

An updated edition of the bestselling collection of timeless wisdom from the world's greatest investor *Readers of Warren Buffett's letters to Berkshire Hathaway shareholders* have gained an enormously valuable informal education in the art of investing. Broad in scope and long on wisdom, Buffett's letters explain his principles on sound investing, selecting managers, valuing businesses, using financial information profitably, and other vital topics for investors. This newly updated Fourth Edition includes Buffett's latest wisdom on such topics as the financial crisis, the housing bubble, corporate governance, Berkshire Hathaway's acquisition of Burlington Northern Santa Fe, the role of oversight in heavily regulated industries, today's best investing opportunities, and the weaknesses of popular option valuation models. Features investing advice in plain English from one of the world's most legendary investors Includes Buffett's insights on the current financial crisis and recession Offers new and potent insight on good corporate governance and other issues vital to executives and managers For investors, corporate executives, managers, and Buffett fans, *The Essays of Warren Buffett, Fourth Edition* features the kind of wisdom on investing, finance, and leadership that can be found nowhere else.

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. *The Snowball* provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.
