The best weekly options trading strategies are covered in this options course. You will learn about the 3 best weekly options trading strategies you can use straight away to generate weekly income. With the help of free options software, you will be able to quickly work out the best options trade for the week.

Best Weekly Options Trading Strategies:For Weekly Income

Trading weekly options for a living allows you to be a short term trader. Typically trading weekly options means you're making 4 trades a month (this can also be considered swing trading options). That might not sound like a lot but remember, you control 100 shares for every option you purchase. This definitely adds up.

Trading Weekly Options for a Living - How to Trade Profitably

Weekly options provide a lot of flexibility for traders, but they are not without risks. Small price moves in the underlying stock can potentially have a large impact on a weekly trade. Monthly trades tend to move a lot slower, but the time decay is also slower. It's best to find a trading style that suits you.
