Do you want to start a blog business, working wherever you want and making a lot of money? Perfect, you're in the right place: if you want to set everything up properly in your blog, keep reading... **IMPORTANT:** this book was not written to promote a live event where I will give you more information. I poured all my knowledge into this book, saving nothing. My name is Manuel Rise, and I am a professional blogger since 2014. "Professional blogger" means I can live my life blogging: I have a blog (more than one, in truth) through which I sell a service. Several years have passed since I started writing articles, and the world of blogs has changed a lot. Honestly, it changes every year. So, to keep up with the times, every year, I attend SEO courses by Google, copywriting, and basically, every kind of course related to the world of blogs. Unfortunately, there is no great course on the internet that explains how to build a blog and earn money by selling a product or service. That's why - alongside my business - I decided to write this book. Everything you will find in this book is the result of my experience, and that's what allowed me to leave my job and be able to live only with my blogs. It's not a simple journey: making money with a blog is not a quick process and presents many pitfalls. Making sure that our blog reaches the first pages of Google results is a matter that takes much time and much work. And even if it is so fashionable "earns with your passions", it's unfortunately not a real matter. You cannot think to earn money only by writing; you always need to sell something link a product, like a service, like an affiliation... etc. In this book, I will try to be as clear as possible and show you how to set everything up properly in your blog and start to

building trust with your site. Most of your readers aren't really readers. They are skimmers. These formatting tips will help you create beautiful looking blog posts that are easy to skim, but also satisfy the readers that like to devour every word. There are simple things you can do as a beginner to structure your posts so they are clear, organized, helpful, and present the best answer to the question you are solving. These are not difficult or hard to implement, and you can quickly tweak a post to fit the better formatting in a few minutes. Once you get comfortable with the process, you will naturally write all of your posts with the same level of organization and structure. If you look at the best sites out there, they are doing one thing really well. They all make it very easy for their readers to find what they are looking for. That will be a recurring theme throughout the book, because in the end the best thing you can do for your blog is make it easy for your readers to consume your content. Keep that in mind as you read, and you will be well on your way to creating blog posts that your readers will love. Happy Writing.
